Teachers can concentrate on teaching

With mobile device management (MDM) and over-the-air updates (OTA), the update of software, apps, firmware, and troubleshooting is all controlled remotely by your IT department, leaving teachers free to teach.

Integrate effortlessly

With Clevertouch, teachers are not limited to one type of presentation suite, software provider, platform or OS. Teachers are free to use existing resources - and convert old resources tied to other providers - easily and quickly. Teachers can also switch seamlessly between Android and PC modes and continue using existing services such as Google Classroom or Microsoft packages effortlessly within your Clevertouch suite.

Express connectivity

Our elevated connectivity allows you to share content with Android, iOS, Windows and Chrome devices. As expected, Wi-Fi® and Bluetooth® and a slot-in PC option ensures we've got your connectivity covered. Including 4GB RAM, extensive storage for those non-cloud needs, Gigabit LAN integration, 4K User Interface, OTA Updates and Remote Management - just some of the features of this world class product.

Practical differentiation

Teachers and students are more connected than ever, with easy to use mirroring and touch-back on up to 50 devices at any one time. Use split screen mode to show the work of 4 students at once. The teacher can use their mobile device to control their Clevertouch, giving them freedom of front of class instruction while enabling effective individual, small group and peer learning to help close the attainment gap.

Designed for education, IMPACT™ is the perfect all-round solution for the classroom.

NEW **Connectivity**

Huge connectivity including one of the latest USB-C ports. Allows single cable connection for audio, video and touch.

NEW **Infinity Whiteboarding**

Never run out of space with our infinite canvas. With numeracy tools, handwriting-to-text recognition, and the ability to insert images and shapes, all of which can be saved, printed, or shared to student devices.

High Precision Technology

Our patented Super Glide Touch technology offers the most fluid writing experience on a touchscreen. It's as smooth as writing on a whiteboard – with no lag. With the ability to differentiate between palm-erase, fingertouch, and stylus-writing, there's no need to change settings mid-flow.

Comprehensive Warranty

No ongoing subscriptions charges.

Audio

2 x 15W speakers for crystal clear sound quality from anywhere in the room.

Cleverstore

Access hundreds of free teaching apps to make lessons more engaging.

Cloud Accounts

Sync with your Cloud accounts so that you can work anywhere at any time.

NFC Pen Tray

With the NFC pen tray teachers can be assigned with a fob card that carries all their settings and accounts, so there is no need for a lengthy log-in process (Optional extra).

Remote Management

View, control, update and troubleshoot remotely. Your IT office can work on your Clevertouch screen without needing to come to the classroom. You'll always have the latest versions of apps and software without needing to install any files when you should be teaching.

NEW **LUX 8.0**

Easy to use interface. Simple, quick, intuitive... apps and gestures designed to make everyday tasks seamless.

Quick Launch Menu for instant teaching tools

Your most commonly used apps are available with one touch and are easily accessible via the Quick Launch Menu.

Annotation tools can be accessed at any time, keeping lesson flow smooth and simple, ensuring increased student engagement.

The Clevershare App is free to download and compatible with Android, Windows, iOS and Chrome devices. Up to 50 devices can connect with the Clevertouch screen and share content – images, video, and audio. The presenter has full control over what is shared, and can show up to 4 device screens simultaneously, increasing student collaboration and participation within every lesson. Now includes touch-back.

Make notes, diagrams or images, add and scroll through multiple pages, insert an image or change the background colour. Now includes handwriting and formula recognition.

Double click on files to open them, as well as easily copy, cut and paste, so it's just like using a PC. Personal Cloud Storage integration.

Explore the internet without needing a computer, using the IMPACT™, Chrome and Chromium browsers.

Cleverstore contains hundreds of apps in all subjects and a range of languages, including literacy, STEAM and languages. Each app is tested by our team, to make sure no adverts, in app purchases, or inappropriate content gets through. We've partnered with the most popular educational app developers to give you apps that you can really make use of in the classroom.

Easily go back to recently used apps using the Active button with split screen mode.

Protect your Clevertouch with a password by using Lock.

All of the integrated apps and the apps you've downloaded from the Cleverstore can be found here.

All your favourite apps in one place, including Settings.

Floating annotation tool - Annotation, voting, spotlight, handwriting, timer, stopwatch, snipping and zoom tools.

All included in panel pricing, and no on-going costs
